

2016 Hornibrook Report

MBA Tasmania Golf Club was represented by 18 players at the National Championship in the Hunter Valley. Unfortunately one did not get out of the starting gates, still recovering from a broken wrist and one only managed the first round before being unable to continue.

The remaining 16 battled on bravely but we could only manage a close 5th on an average of 28.7692 points. John Erends was the best of our team winning the Eddie French Medal with a 99 point total.

Sadly, Frank Pedler passed away upon returning from the tournament. He had just completed his 15th Hornibrook and will be missed greatly by both our local membership and fellow players nationally.
